Project Proposal	
Project Title	
Duration <i>Estimated project length, between 3 and 6 weeks</i>	
Team <i>Include the Traveler, all Host personnel, and any additional personnel</i>	
Project Narrative <i>In the space below, please include a project narrative describing the project. The narrative should be relatively short, but there are no page limits or formatting guidelines. The content describing the technical problem and solution is more important than the formatting of this document. Diagrams, such as sequence diagrams, data flowcharts, and UI mock-ups, are encouraged but not required. You may assume that the reader has a concrete technical knowledge of BrAPI and general breeding processes.</i> <i>Please include details for the following:</i> <ul style="list-style-type: none">• <i>Motivation – What problem(s) are you trying to solve?</i>• <i>Proposal Description – A general description of the project, technical description, diagrams, etc</i>• <i>Objectives and Priorities – An ordered list of specific goals to be achieved during the sabbatical</i>• <i>Community Justification – How will this project help the wider BrAPI community? How will it help the plant breeding community?</i>
